

*Snagit® is an easier, faster, and more professional way to capture information and share knowledge throughout your entire company. Snagit provides business benefits for teams, individuals, and administrators.*

### TEAMS

- Maintain brand consistency across content teams with shared Styles and Themes.
- Share knowledge with teammates seamlessly with over 20 sharing destinations.
- Reduce the hassle and cost of image translation for your content teams with Snagit's new translation workflow.

**BOOST CLARITY**

### INDIVIDUALS

- Skip the expensive, hard-to-use image editors. Snagit makes it easy to quickly modify images with Background Auto-fill, Magic Wand Select, and Smart Move.
- Bring your screen captures to life with Animated GIF creation.
- Capture wide, horizontal scrolls, infinitely scrolling webpages, and everything in between with Panoramic Capture.

**SAVE TIME**

### ADMINISTRATORS

- Customize and deploy Snagit installations across a network
- Virtualize Snagit using App-V sequencing.
- Snagit 13 and newer are fully compatible with Windows 10.

**IMPROVE PRODUCTIVITY**

### TECHSMITH CUSTOMERS LOVE SNAGIT

"When I need to communicate, I use email. When I need to communicate exactly, I use Snagit."
